## NATIONAL AND INTERNATIONAL PROJECTS

Man power strength of 60 Engineers having hands on experience in GPS Tracking and Fuel Sensor Solutions and we are the only one in the industry who assure you of 99.2 % in terms of fillings, Consumption & Pilferage.

## WIDE RANGE OF INDUSTRIES

Handling GPS Projects with different industry verticals like Infrastructure, Person Tracking, logistics, Transportation, Schools, Consignments , Mining .

A hand is shown holding a glowing blue circular arrow graphic. The background is dark blue with faint, glowing circuit-like patterns and lines. The arrow is composed of multiple concentric, slightly offset rings, creating a sense of motion and depth. The hand is positioned on the right side of the frame, with the thumb and index finger visible, holding the graphic. The overall aesthetic is high-tech and futuristic.

# Partnered with ISRO

We are currently working with 132 Engineers and providing services in 18 States on PAN India.
